

# The Benefits of Speech Therapy for Parkinson's Patients

**THURSDAY, MAY 13, 2021  
STARTS AT 10 AM**

This virtual presentation explains how Parkinson's Disease affects the health of an individual's speech, swallowing, and cognition. We'll provide details about the positive impact of speech therapy and how it can help improve quality of life by developing motor movements, such as talking, swallowing, and more.

**Speaker:**

Suzy Carbrey, MA, CCC-SLP is a master clinician in adult speech-language pathology. A licensed speech-language pathologist in Illinois, she holds a certificate of clinical competence accredited by the American Speech-Language Hearing Association.

**REGISTRATION REQUIRED**
