

New Program: Early-Stage Memory Loss Support Group

Every Thursday in June & July

Orland Park Public Library

In partnership with the Alzheimer's Association and Orland Park Public Library, Pathlights is hosting an eight-week support group for those living with early-stage dementia or MCI (mild cognitive impairment) and their care partners. "Early stage" refers to people, irrespective of age, who are diagnosed with Alzheimer's disease or related disorders and are in the beginning stages of the disease. This group will offer dementia-related education and emotional support and connections with resources.

There is no cost for these sessions.
