

# Citizens Utility Board Energy Savings Clinic

**Thursday, September 12, 2024 at 10 AM**

Are you concerned about the rise in utility prices? Join Citizens Utility Board (CUB) for information about how to reduce your energy usage. This clinic is designed to help you better understand the ins and outs of your bill, avoid utility scams, and learn about programs designed to save you money and energy.

Each participant will speak one-on-one with a CUB counselor to review their bills. You will receive information on:

- Spotting unnecessary charges on natural gas, electric, and phone bills.
- Energy efficiency programs and rebates that can help lower your utility bills.
- Decoding your gas and electric bill, spotting errors, and avoiding scams.

Bring your questions and your electric, gas, cable, and phone bills to review with the counselor. There is no cost for this event.
