Special Pathlights' Presentation

Tuesday, October 8, 2024
2pm

Estate planning is about protecting your assets, your loved ones and planning for the future yes, but it is so much more. It is about you, your unique story, your life's savings, your values and beliefs and your hopes for the future.

This session will address the following objectives:

- Protecting your assets, business and loved ones, the things you care about deeply
- Identifying the legal documents necessary to do so

You will leave with a Game Plan on how to secure your assets and uncover ways to control how you and your family will be cared for, if you become less well, and how your assets will be distributed smoothly, privately, and inexpensively if you pass away.

Location & Hosted by:
